uterus, 494–498
*Letters to the editor,* 126–128, 277–278, 416–417, 560–561, 701–703
Lipomatous tumor of the uterus; Report of a case, by A. GONZALEZ-ANGULO and R. H. KAUFMAN, 494–498
Listeria monocytogenes as a cause of pregnancy wastage, by E. H. RUFFOLO *et al.*, 533–536
Lithopedion; Report of a case with psychiatric implications, by W. L. OWENS, 401–404
Liver
hematoma, in pregnancy, 436–439
rupture, in pregnancy, 436–439
Lungs
metastases from primary mesodermal mixed tumor of uterus, 537–541
Lymph glands
dissection for carcinoma of cervix uteri, 542–544
metastases from primary carcinoma of the uterine tube, 553–559

Magnesium sulfate in toxemia of pregnancy; New dosage schedule based on body weight, by C. E. FLOWERS, JR. *et al.*, 315–327
erratum, 659
Malignant mixed mesodermal tumor of the uterus, by V. RICCIUTTI *et al.*
erratum, 227
Malmström vacuum extractor *see* Vacuum extractor
Malmström vacuum extractor in obstetrics, by P. GROSSBARD and S. COHN, 207–211
Maturity
fetal hemoglobin, 257–260
prematurity, 87–91
umbilical cord prolapse, 471
weight (birth), 87–91
Melaleuca alternifolia oil; Its use for trichomonal vaginitis and other vaginal infections, by E. F. PEÑA, 793–795
Menarche or spontaneous remission of primary amenorrhea at 38 years of age; Report of a case, by P. BERGMAN, 108–110
Menstrual cup, 684–687, 688–691
Menstrual cycle
delay with progestational agents, 730–735
heparin for pain, 660–663
Isopregnenone, 728
isoxsuprine for pain, 9–10
menarche at 38 years, 108–110
Menstrual function and fertility in women born of eclamptic mothers, by L. C. CHESLEY *et al.*, 754–757
Menstrual protection; Advantages of the menstrual cup, by E. F. PEÑA, 684–687
Mentally retarded child
attitudes of obstetricians on institutionalization, 133–136
Mersilene ribbon
sling operation for urinary incontinence, 241–245
Mesonephric tumors
histochemical development, 57–63
Metronidazole
trichomoniasis, 280, 384–385, 592–594, 595–598
Mitral stenosis
cervicocolposis emphysematosa, 121–123
Mixed tumor arising in the vagina, by J. A. WHELTON, 803–805
Monsters
attitudes of obstetricians on institutionalization, 133–136
Morbidity in the third-degree laceration, by E. H. SIEBER and J. D. KROON, 677–680
Mortality
blood transfusions, 416–417
cesarean section, 92–95
maternal, 46–49, 521
perinatal, 46–49, 92–95, 246–250
twins, 530
Myomectomy
pitressin and vasopressin, 429–430

Nephrotic syndrome
in pregnancy, 126–127, 127–128
Nesacaine
uterine motility, 237–240
New gynecological instrument, by J. T. O'HANLON, 415
New postpartum cervical retractor, by H. W.

Pages 1–144, January; 145–286, February; 287–422, March; 423–568, April; 569–712, May; 713–844, June.

SEIGER, 275–276
New York University Medical Center Symposium on Infertility, 1962, 50
Nitrogen mustard
regional perfusion, 311–314
Nodular fasciitis of the round ligament; Report of a case, by J. L. BREEN *et al.*, 397–400
Norethindrone
gigantomastia in pregnancy, 526–529
Norethynodrel
endometriosis, 111–117
Normal ovarian histology in infancy and childhood, by E. M. CURTIS, 444–454
Nullipara *see* Parity
Nupercaine
uterine motility, 234, 237–240

Obesity
in pregnancy, 423–427
Obstetric anesthetic care in the United States, by O. C. PHILLIPS and T. M. FRAZIER, 796–802
Obstetric anesthesia
in New Orleans, 826–830
in the United states, 796–802
Obstetric forms
standardized, 400
Obstetrical forceps and the vacuum extractor: an assessment of their compressive force, by D. MISHELL, JR. and J. V. KELLY, 204–206
Obstetricians
market demand, 420–422
Ovarian pathology in carcinoma of the endometrium; With special reference to the hilus ovarii, by I. S. WINKHAUS and H. C. TAYLOR, JR., 748–753
Ovaries
adrenal-like tumors, 183–194
arrhenoblastoma, 758–770
carcinoma
skin metastases, 69–75
estrogenic hilum cell tumor, 467–470
fibromas, 228–232
gynandroblastoma, 814–825
histologic development, 444–454
in fetuses, infants and children, 444–454
thecomas, 228–232
Overweight nullipara, by H. FIELDS and R. E. DAVIS, 423–427
Ovulation
colorimetric test, 124–125
tests compared, 124–125
Ovum, stale
spontaneous abortion, 411–414
Oxidative and glycogen-synthesizing enzymes in the uterine tube, by A. G. FORAKER and J. Z. CRESPO, 64–68
Oxytocin
dysfunctional labor, 585–591
hydatidiform mole, 81–86
missed abortion, 81–86

Paget's disease of the vulva; Report of a case with six-year survival, by W. W. BARE and J. F. MCCLOSKEY, 674–676
Paracervical block: a transvaginal regional pain relief, by A. J. KOBAK and M. S. SADOVE; *Editorial*, 418–419
Paracervical block for pain relief in labor, by J. E. DAVIS *et al.*, 195–200
Parahemophilia, 507–512
Parity
dilatation rate in the nullipara, 576–591
obesity in pregnancy, 423–427
Pelvic hemostasis: a new technic and pack, by J. T. PARENTE *et al.*, 218–221
Pelvic perfusion with nitrogen mustard, 311–314
Perinatal mortality and cesarean section, by M. L. TANCER, 92–95
Phthalimidoglutarimide
congenital anomalies, 116
Phosphamidase
cancer of cervix uteri, 28–41
Piminodine
labor, 784–789
Pitressin
hemostatis agent in gynecologic surgery, 428–435
Placenta
double, 505–506
hemangioma, 505–506
premature separation, 265–266
Placentae, abruptio
fibrinogen deficiency, 692–693
Placenta accreta and previous classic scar producing spontaneous rupture of uterus; Report of a case, by B. DIAMOND and B. POLLOCK, 261–264
Pontocaine
uterine motility, 234, 237–240
Postmaturity *see* Maturity
Post-partum care
bladder, 808–813
intravaginal tampons, 781–783
Postpartum cervical retractor, 275–276
Potassium stearate
constipation in pregnancy, 463–466
Proaccelerin, congenital, 507–512
Prothrombin
deficiency, 507–512
Pregnancy
adrenal hemorrhage, 440–443
amniotic fluid infusion, 521–525
cervix uteri
carcinoma, 351–354
dysplasia, 351–354
coarctation of the aorta, 101–104
constipation, 463–466
duration, 87–91
factor V, 507–512
fibrinogen *see* Fibrinogen
heart disease, 101–104, 277–278

contraindications, 277–278
gigantomastia, 526–529
intestinal obstruction, 11–15
liver hemorrhage, 436–439
nephrotic syndrome, 126–127, 127–128
obesity, 423–427
pulmonary embolism, 405–410

Pages 1–144, January; 145–286, February; 287–422, March; 423–568, April; 569–712, May; 713–844, June.

retroperitoneal hematoma, 440–443
Rh-immunized gravidas, 806–807
scleroderma, 273–274
shock, 643–648
thrombophlebitis, 405–410
thrombotic thrombocytopenic purpura, 517–520
toxemia, 436–439
chlorothiazide, 355–358
effect on fertility of daughters, 754–757
magnesium sulfate dosage, 315–327
management, 649–659
veratrum veride, 372–382
uterus
anomalies, 328–344
rupture, 16–21, 261–264
vasculitis, 523–524
virus diseases, 618–622
weight, 423–427
Pregnancy, abdominal, 265–266, 707
Pregnancy, cervical, 365–371
Pregnancy, ectopic
bilharziosis, 669–671
conservative surgery, 294–301
Pregnancy, tubal
twins, 267–268
Prematurity *see* Maturity
Primary carcinoma of the right uterine tube with metastasis to the left pelvic lymph glands; Report of a case, by B. HARK, 553–554
Procaine
uterine motility, 235–236, 237–240
Prochlorperazine in labor and delivery, by M. D. KAPPELMAN, 118–120
Progestational agents, 724–729
efficacy tested, 730–735
Progesterone
synthetic stereoisomer, 724–729
Prognostic significance of cytologic response in radiation of gynecologic cancer, by S. R. M. ZERNE and J. M. MORRIS, 145–155
Progress notes, by R. A. REIS, 1–2
Progress of a Connecticut yankee: A visit with Dr. Herbert Thoms, by S. G. BERKOW; *After office hours,* 137–144
Prolapse of the umbilical cord; An analysis of 181 cases, by G. R. KURTZ and A. B. MUNRO, 471–477
Propiomazine
labor, 784–789
Pseudocyesis
progestational agents, 730–735
Pseudohermaphroditism, 269–272
Pulmonary embolism
in pregnancy, 405–410
Pulmonary metastases from primary mesodermal mixed tumor of uterus, 537–541

Radiation therapy, 145–155, 251–256, 499–504, 537–541, 542–544
cervix uteri
complications, 542–544
side-effects, 499–504
uterine cancer, 537–541
Reduction of the incidence of postspinal headache, by W. J. RABBAN and L. E. SMALE, 672–673
Renal insufficiency
abortion, 633–642
Reproductive tract
*see also Specific sites*
mesonephric tumors
histochemistry, 57–63
surgery
new technic of hemostasis, 218–220

choriocarcinoma, 156–182
hydatidiform mole, 156–182
RNA *see* Ribonucleic acid
Round ligament
nodular fasciitis, 397–400
tumors, 771–780
sarcoma, 397–400

Salpingitis
bilharziosis in ectopic pregnancy, 669–671
Sarcoma
round ligament, 397–400
uterus
radiation therapy, 537–541
Schistosoma haematobium
salpingitis with ectopic pregnancy, 669–671
Scleroderma in pregnancy; Report of a case, by G. W. HAYES *et al.*, 273–274
Serum enzyme changes after treatment of malignant tumors, by G. BLINICK *et al.*. 623–632
Sevag-and-Colton test for ovulation, 124–125
Severe constipation of pregnancy; Preliminary report of a unique method of treatment, by R. X. SANDS, 463–466
Sex
normal, in infancy and childhood, 444–454
Sex determination, 269–272
Shirodkar operations
pitressin and vasopressin, 433
Shwartzman reaction, 359–364
Shock, bacterial
in pregnancy, 643–648
septic abortion, 633–642
Simulated internal burn; A complication of pelvic perfusion with nitrogen mustard, by E. RIVO and I. R. LANG, 311–314
Skin cancer metastases
from cancer of various sites, 73
from carcinoma of cervix uteri, 69–75
Skin metastases from genital cancer; Report of two cases, by CHIEN-TIEN HSU and YÖ-SEI SAI, 69–75
Sling operation for urinary incontinence using mersilene ribbon, by R. J. WILLIAMS and R. W. TELINDE, 241–245
Small term baby, by H. I. COLMAN and J. RIENZO, 87–91
Society of Obstetricians and Gynaecologists of Canada
annual meeting 1962, 404
Spinal anesthesia followed by headache
incidence reduced, 672–673

Pages 1–144, January; 145–286, February; 287–422, March; 423–568, April; 569–712, May; 713–844, June.

Splenic artery
aneurysm in pregnancy, 440–443
Spontaneous adrenal hemorrhage in pregnancy, by H. YOUNG, JR. *et al.*, 440–443
Spontaneous correction of hypofibrinogenemia with fetal death in utero, by W. LEVINE *et al.*, 551–552
Stale-egg concept in spontaneous abortion, by D. B. ROTH, 411–414
Sterility, induced
sequelae, 22–27
Suppression of lactation: use of a single androgen-estrogen injection, by H. E. JONES and J. E. TANNER, 51–56
Suprarenal glands
hematoma in pregnancy, 440–443
Symposium on Infertility, New York University Medical Center, 1962, 50

Term baby *see* Maturity
Testicular feminizing syndrome (a type of male pseudohermaphroditism); Report of a case, by H. W. BARBER *et al.*, 269–272
Therapeutic abortion, by S. H. BOULAS *et al.*, 222–227
Third-trimester rupture of the pregnant uterus: a five-year survey, by W. M. JACOBS *et al.*, 16–21
Thirty-year survey of cesarean section, by W. LEVINE, 42–50
Thoms, Herbert *see* Progress of a Connecticut yankee
